

MANUFACTURING

Mohave County, Arizona

MANUFACTURING IN MOHAVE COUNTY

From composites to metals and plastics to refractory materials, manufacturing companies in Mohave County handle a variety of materials and products with ease. In fact, our highly experienced workforce has been driving the success of manufacturing companies like Goodyear, American Woodmark and Honeywell Landing Systems for years.

Move your manufacturing business to Mohave County and discover benefits like:

- A workforce trained and experienced in manufacturing
- Easy access to suppliers and customers in west coast markets
- Low business costs and some of the lowest taxes in Arizona
- Industrial parks near each major city
- Business friendly environmental regulations
- Programs that make it easy to connect with suppliers, businesses and workforce in the Mohave County region
- A backdrop of vast blue skies, desert landscapes, over 1,000 miles of freshwater coastline and the breathtaking Grand Canyon west

SUCCESS STORIES

Mohave County

"Kingman hosts a group of world class industrial support companies which manufacture, repair and/or provide services to every kind of industrial or manufacturing concern. Laron chose Kingman because it was a good place to call home. We stay in Kingman because it is a great place to do business."

"American Woodmark Corporation has been a part of the Kingman community for 24 years. We have found the talented people here to be the greatest asset as we staff our facility through all economic cycles and we continue to appreciate the support given by our local leaders."

- Gleen Thoroughman
President / CEO
Laron (Kingman, AZ)

- Chris Utz
Plant Manager
American Woodmark (Kingman, AZ)
